Jo.

According to what the folks say I understand you've changed your birthday to the 12th. Why? Do you want to be ^{some} younger than you really are or older which of the two. If you want to be younger you should have changed it to a later date instead of earlier. All kidding aside to me it is still the sixteenth so I hope this card isn't too late.

I have intended to write and thank you for the Popular Mechanics but I ~~haven't~~ don't seem to have any time to do anything at all. But then they say that the world is full of good intentions, so I guess I'm just another one of those dopes full of good intentions, but not doing anything about it. I want to thank you now and next time I'll do it right away.

As you probably know I've been working at S.B. at \$4.00 a day for Lloyd Greve making under

blocks. Love

Go. ~~There~~ is another one of my intentions I hope I can see this one through. If I find out for sure when I am to be inducted into the army I will take a few days off and go into Denver to see you. Don't count on it too much though, I will try to see you on my way through ~~though~~ anyway.

I don't think I can ~~tell~~ write about ~~you~~ anything else that you don't already know so I'll run along.

I want to thank you again for the Popular Mechanic. And if you think that this is a little late it still goes with my
