(Date)

Dear Sis,

Yesterday I received the first number of the "News". Thank you ever so much. Now I will have something to read. That is if we ever get any mail. Which brings up the subject of your letters, as yet the latest one was dated Jan. 3.

As for myself, I've never felt better. The weather ~~and~~ for some time has been more or less like our spring at home. With one exception, of course, that we haven't seen snow.

Tell ^{me} have you heard from Harry? Is he well again? My "hello" to him when you write.

I might add that mail service of late, has been rather bad. We haven't had ^{any} to speak of, in the last few weeks.

I have nothing more to add so I'll close. Regards to all.

Your brother
Pito
