Dear Sis,

By taking note of the date on the letter you will know, that at this writing things are almost cleared up in Africa. I think it will be safe in saying that we were in the thick of it for the past two months. Now that it is over it seems like it was just one big long nightmare. If you followed the newspapers during this time you will have a much clearer picture as to what went on, than I could ever hope to write.

I have but one comment, that we can thank God that some of us are still able to write. Many of our comrades were not so fortunate.

Being that this is the only blank that I have at the present, when you get it send it on to the folks. Will write in more detail later on. Regards to all.

Your brother
Gito.
